EMPLOYMENT HISTORY

Stantec Architecture Ltd. (formerly Dunlop Architects) December 2003 – present
Toronto, Ontario

Working as an intern architect on a number of healthcare projects, I have been involved in all stages of work, from master-planning through to construction administration. Tasks have included the preparation of presentation materials, meeting with users and consultants, planning healthcare departments, preparing reports, and the production of construction documents.

Warren Grossman Architect August 2003 – October 2003
Toronto, Ontario

Working on a short-term contract, I was involved in modeling, producing presentation drawings, and the preparation of working drawings for a single family house.

Artech Design Group August 1999 – August 2000
Chattanooga, Tennessee, USA June 2001 – August 2001

Working on a number of entertainment and education sector projects, my role was primarily to assist in the preparation of working drawings.
